ORIGINAL

Re: *In the Matter of Petition of Qwest Corporation for Forbearance Pursuant to 47 U.S.C. § 160(c) in the Minneapolis – St. Paul Metropolitan Statistical Area, WC Docket No. 07-97*

Dear Ms. Dortch:

On May 5, 2008, Qwest Corporation (“Qwest”) filed with the Federal Communications Commission (“Commission”) an *ex parte* in the above-captioned proceeding (as to the Minneapolis-St. Paul MSA). The *ex parte* was filed in redacted and non-redacted formats (the non-redacted version included highly confidential information designated as such pursuant to the June 1, 2007 Second Protective Order in WC Docket No. 07-97).

Subsequent to submission, Qwest realized that the redacted version did not reflect all of the necessary redactions of the highly confidential information. Specifically, on pages 11 and 12 of 15 of the attachment to the *ex parte* (chart entitled, Platform Services as of December 31, 2007/Qwest Platform Plus (“QPP”); Qwest Local Services Platform (“QLSP”)/Minneapolis-St. Paul MSA [footnote reference omitted]), Qwest inadvertently had not removed the information from the column entitled, “CLEC IDENTIFIER”. Qwest is therefore, resubmitting today in its entirety as an attachment to this Erratum, the redacted version of its *ex parte* for Minneapolis-St. Paul. The corrected redacted version of the *ex parte* being resubmitted today continues to show the date May 2, 2008 (along with an annotation indicating that it has been corrected and re-filed on May 5, 2008). Qwest is not making any corrections to the non-redacted version of the May 2, 2008 *ex parte* for the Minneapolis-St. Paul MSA.

Two copies of today’s re-filed redacted version of the May 2, 2008 *ex parte* are being submitted. An extra copy is provided to be stamped and returned to the courier. Today’s submission is being served on the same Staff of the Commission’s Wireline Competition Bureau (that were

Washington, DC 20554

Re: *In the Matter of Petition of Qwest Corporation for Forbearance Pursuant to 47 U.S.C. § 160(c) in the Minneapolis – St. Paul Metropolitan Statistical Area, WC Docket No. 07-97*

Dear Ms. Dortch:

Qwest Corporation hereby submits the attached *ex parte* and request for confidential treatment (pursuant to the Second Protective Order) of certain highly confidential information included in the *ex parte*, in the above-captioned proceeding.

One copy of the non-redacted version is being submitted; and two copies of the redacted version are being submitted. For both the redacted and non-redacted versions, an extra copy is provided to be stamped and returned to the courier. Both the redacted and non-redacted versions of the *ex parte* are being served on Staff of the Commission's Wireline Competition Bureau as indicated below. This cover letter does not contain any confidential information.

If you have any questions concerning this submission, please contact me using the information above.

Sincerely,

/s/ Melissa E. Newman

Re: *In the Matter of Petition of Qwest Corporation for Forbearance Pursuant to 47 U.S.C. § 160(c) in the Minneapolis-St. Paul Metropolitan Statistical Area, WC Docket No. 07-97*

Dear Ms. Dortch:

Qwest Corporation ("Qwest") hereby requests highly confidential treatment of certain information included in the associated *ex parte*. The highly confidential information includes: boundaries of Qwest's Minneapolis-St. Paul Metropolitan Statistical Area ("MSA") retail access line counts by wire center and line type, business retail access service lines by wire center and capacity; the number of retail private line facilities in service by wire center and capacity; and the volumes of unbundled network elements and special access services by capacity or line type provided by Qwest to individual competitive local exchange carriers at the MSA level.

The highly confidential information is submitted pursuant to the June 1, 2007 Second Protective Order (22 FCC Rcd 10134, DA 07-2293) in WC Docket No. 07-97. As required by the Second Protective Order, the highly confidential information (that is, the non-redacted version) is marked **HIGHLY CONFIDENTIAL – SUBJECT TO SECOND PROTECTIVE ORDER IN WC DOCKET NO. 07-97 BEFORE THE FEDERAL COMMUNICATIONS COMMISSION**. Pursuant to the Second Protective Order, Qwest requests that the non-redacted version of this *ex parte* (containing highly confidential information) be withheld from public inspection.

Qwest considers this highly confidential information as being extremely competitively-sensitive in nature. This type of information is "not routinely available for public inspection" pursuant to both Federal Communications Commission ("Commission") rules 47 C.F.R. §§ 0.457(d) and 0.459 (as Qwest explained and for which it provided legal justification in its Request for

Ms. Marlene H. Dortch

Page 2 of 2

Confidential Treatment and Confidentiality Justification submitted with its four Petitions for  
Forbearance (including the one for the Minneapolis-St. Paul, Minnesota MSA) on  
April 27, 2007.

Qwest is simultaneously submitting, under separate covers, a non-redacted and a redacted  
version of the associated *ex parte*. The redacted version of the *ex parte* is marked  
“**REDACTED - FOR PUBLIC INSPECTION**”. Both the redacted and non-redacted versions  
of the *ex parte* are the same except that in the non-confidential version the highly confidential  
information has been omitted. This cover letter does not contain any confidential information.

If you have any questions concerning this submission, please call me on 303-383-6653.

Sincerely,

/s/ Daphne E. Butler

Attachment 6**

Request 6: Qwest access line counts. By wire center and line type, provide a breakdown of Qwest MSA-level retail line counts filed by Qwest in support of its petition. For business lines and private line facilities, provide a further breakdown by capacity (DS0, DS1, DS3, OCN).

Response: Qwest is providing, by wire center and line type, its retail access line counts for the Minneapolis-St. Paul MSA as of December 2007. The business retail access lines have been further broken down by capacity. These are the detailed data underlying the MSA-level retail access line counts for December 2007 reported by Qwest in its *ex parte* filing of March 14, 2008.

Qwest is also providing, by wire center and capacity, the number of retail private line facilities in service in the Minneapolis-St. Paul MSA as of December 2007. Qwest's retail private line data has not previously been filed in this docket, either in its original petition or in the above-referenced *ex parte* filing.

Request 7: Provide an accounting, by CLEC name, of the UNEs and/or special access services being provided by Qwest to the CLECs in each wire center of each of the four MSAs. Provide the capacity of the services (*i.e.*, DS0, DS1, DS3, OCN).

Response: The data sought by this request cannot be fully provided on a CLEC-by-CLEC basis without a written subpoena. However, as agreed upon, the data is being provided at an MSA level, with CLEC names masked to protect specific CLEC identity. As a further means of maintaining CLEC confidentiality, line counts less than 10, as indicated by the presence of an asterisk, have been withheld.

The data being provided is as of December 2007, which is the same vintage as the data shown in the updated Highly Confidential Exhibit 2 provided by Qwest in its *ex parte* filing of March 14, 2008.
